C. Manuel Bosancianu, PhD

Data Analysis • Statistical Modeling • Causal Inference

cmbosancianu.github.io cmbosancianu cmbosancianu bosancianu@icloud.com 016095123115

I am a **driven** data professional with 10+ years of experience in **statistical modeling**, data wrangling, and research **design**. Passionate about **crafting stories** based on complex data and **graphics**, and experienced in **communicating** these to stakeholders. **Adaptable** in the face of data challenges. Possessing a keen **eye for detail**, curious about social dynamics, and a **constant learner**.

Experience

FACTWORKS | Analyst | Report to: Senior Director

Jan. 2025 – Current | Berlin, Germany | Skills: R, Git, SmartPLS, SEM, survey management, Shiny

- Driver modelling (churn, CSAT, VFM) based on survey or internal client data
- Conjoint analyses (CBC, ACBC): data cleaning, analysis, preparing simulators
- Automating internal processes through R package development
- Survey management and data processing in market surveys

OCEANSAPART | Analyst | Report to: Head of BI

Aug. 2023 – Dec. 2024 | Berlin, Germany | Skills: SQL, Tableau, Python, causal inference, Airflow, Git

- General data maintenance and pre-processing for key data warehouse tables
- Creating/maintaining core merchandising and logistics dashboards
- Producing and updating forecasting model of product performance

WZB BERLIN | PostDoc Researcher / Project Lead | Report to: Unit Director

Sep. 2017 – Aug. 2023 | Berlin, Germany | Skills: R, project management, experiments, causal inference, Git

- Co-coordinator and key contributor on 2 large data collection projects in Uganda, based on representative panel surveys and field/survey experiments
- Performed or supervised a full set of data analysis steps (quality checks, cleaning, visualizations, inferential analyses) for multiple quantitative projects

VERIAN BELGIUM / SURVATION UK | Statistical Consultant

2023 & 2016 | Short-term consulting | Skills: R, MLMs, web scraping, machine learning (BART), Git

- Cross-national vaccine acceptance survey (Verian): predicting vaccine acceptance in EU, and uncovering key institutional covariates of acceptance
- Contributed to national survey of Brexit preferences (Survation). Assisted in data management, contributed to inferential analyses of vote preferences

Projects

DESIGNING KAMPALA'S CITIZEN CHARTER | Field experiment

2019 – 2022 | Kampala, Uganda

- City-wide surveys ($N = 2,300$) in 2019 / 2020 / 2022, alongside a 2×3 factorial design randomizing attendance to 188 consultative meetings with bureaucrats
- Core involvement in: grant writing, research design, questionnaire drafting, fieldwork, data prep, statistical analyses, and stakeholder engagement

VULNERABILITY / TRUST IN COVID-19 TIMES | Panel survey

Jun. – Dec. 2020 | Kampala, Uganda

- 3-wave panel survey ($N = 1,800$), including survey/conjoint experiments
- Involved in questionnaire development, fieldwork training and monitoring

MULTILEVEL STRUCTURAL EQUATION MODELING | Book

2015 – 2018 | Sage Publications, QASS 179, 2019

- Co-author, lead on multilevel modeling section, and contributor to others

Publications

2022	Populist Parties' Impact on Political Interest	West Eur. Politics
2021	COVID-19 Vaccine Acceptance & Hesitancy in LMICs	Nat. Med.
2019	Multilevel Structural Equation Modeling (book)	Sage QASS # 179

Skills

PROGRAMMING

Data analysis:

R: `tidyverse`, `broom`, `lme4`, `brms`, `lavaan`, `DeclareDesign`, `data.table`, `Amelia`, `bartMan`, `rvest` • Python: `statsmodels`, `scikit-learn`, `pandas` • SQL • Git • Stan • Stata

Data visualization:

`ggplot2`, `plotly` (R) • `plotnine`, `seaborn` (Python) • Tableau • qGIS • Shiny

STATISTICAL EXPERTISE

Multilevel models • Causal inference • Experimental design • SEMs • Bayesian analysis • GLMs • ML

Teaching

Causal Inference • Hertie School Berlin, 2019
Structural Equation Modeling • Bamberg, 2021
Multilevel Modeling • Eurofound, 2023 • Bamberg, 2021 • CEU Budapest, 2019
Linear Regression • Bamberg, 2017--2019
Data Visualization • CEU Budapest • 2019--2021

Languages

Excellent:

English (near nat.) • Romanian (nat.)

Good:

German (B2)

Education

CENTRAL EUROPEAN UNIVERSITY

PhD in Comparative Politics

Sep 2011 - Aug 2017 | Budapest, HUN

Summa cum laude

HUMBOLDT-UNIVERSITÄT & ODTÜ

MA in Area Studies

Sep 2009 - Jun 2011 | Berlin, GER & Ankara, TUR

CENTRAL EUROPEAN UNIVERSITY

MA in Political Science

Sep 2008 - Jun 2009 | Budapest, HUN

Awards

2018: C. Maas Statistical Teaching Award
2015: Victor d'Hondt Best Paper Prize
